Yara International ASA will hold an extraordinary general meeting on November 17, 2020 at 5 pm as a digital meeting, where you get the opportunity to participate online with your PC, phone or tablet. Below is a description of how to participate online. As an alternative to participating online, you have the opportunity to vote in advance or give a proxy before the meeting. See the meeting notice for further details on advance voting and how to submit a power of attorney. If you vote in advance or give a proxy with instructions, you can still choose to log in to the general meeting and override your vote on the individual matters. If you have given an open power of attorney, but still log in to the virtual meeting, you will take back your voting rights and should submit a new vote online.

The digital EGM is administered by DNB Bank ASA, Registrars Department, which has licensed the software for the online EGM from Lumi Ltd., giving all shareholders the option to attend the EGM on an online platform.

By attending the online EGM, you will be able to follow a live webcast of the meeting, submit questions relating to the items on the agenda and cast your votes on each item on the agenda. Secure identification of shareholders is done by using the unique reference number and PIN code assigned to each shareholder by the Norwegian Central Securities Depository (in Norwegian either "Verdipapirsentralen" or "VPS") in connection with this EGM.

No pre-registration is needed to use the online EGM solution, however please note that you must be logged into the online EGM before the meeting starts. The following pages will provide you with a brief guide on how to access, participate and submit votes in the online EGM.

Shareholders who do not find their reference number and PIN code for access or have other technical questions are welcome to call DNB Registrars Department on phone +47 23 26 80 20.

HOW TO RECEIVE YOUR REFERENCE NUMBER AND PIN CODE

All shareholders registered in VPS are assigned their own unique reference and PIN code for use in the EGM, available to each shareholder through VPS Investor Services. Access VPS Investor Services, select Corporate Actions, General Meeting. Click on the ISIN and you can see your reference number (Ref.nr.) and PIN code.

All VPS registered shareholders have access to VPS Investor Services through www.vps.no or their online bank. Contact your VPS account operator if you do not have access.

Shareholders who have not selected electronic corporate messages in investor Services will also receive their reference number and PIN code by post together with the meeting notice from the company.

Nominee registered shareholders: Shares held through nominee accounts (not relevant for Norwegian shareholders) must be transferred to a segregated VPS account registered in the name of the shareholder to have voting rights in the EGM. Once shares are transferred to the segregated VPS account, a reference number and PIN code are assigned to this account. Please contact your custodian for further information and/or instructions on obtaining your reference number and PIN code for nominee-registered shares.

HOW TO VOTE

When the General Meeting starts, all items will be open for voting. Items are closed as the general meeting deals with them. By clicking on the polling icon on the screen you will access the resolutions and voting choices will be displayed.

To vote, simply select your voting direction from the options shown on screen. A confirmation message will appear to show your vote has been received.

To change your vote, simply select another voting direction. If you wish to cancel your vote, please press Cancel.

Once the chairperson has opened voting, voting on any item can be performed at any time during the meeting until the chairperson closes the relevant voting on the specific resolution. Your last choice before the voting is closed will be final and cannot be changed.

If you have voted in advance, or given voting instructions to the chairman of the board, you will be able to override your choice of vote on the individual issues when logging in. If you have given an open power of attorney, you will take back your voting rights by logging in, and should submit a new vote.

QUESTIONS TO THE CHAIRPERSON

Questions or messages relating to the items on the agenda can be submitted by the shareholder or appointed proxy at any time during the Q&A session up until the chairperson closes the session.

If you would like to ask a question relating to the items on the agenda, select the messaging icon.

Type your message within the chat box at the bottom of the messaging screen. Once you have completed your message, click the Send button.

Questions submitted online will be moderated before being sent to the chairperson, to avoid repetition and to remove any inappropriate language. All questions and messages will be presented with the full name and identity of the shareholder raising the question.

DOWNLOADS

Links will be available on the info screen. When you click on a link, the selected document will open in your browser.

Data usage for streaming the annual shareholders’ meeting or downloading documents via the EGM platform varies depending on individual use, the specific device being used for streaming or download (Android, iPhone, etc) and your network connection (3G, 4G).
