1) Including Yara's share of joint venture plants (percentage shown where applicable). Capacity calculated as average of best three quarters annualized performance and best 12 month

This is also the case for Yara's expansion projects and newbuilds (Freeport, Pilbara Nitrates) implying a gradual ramp up of proven capacity.

2) 100% over past five years.

3) Dry product equivalent (15.5% N)
